Students Feedback Report Analysis

The Students' Feedback of Government Mohindra College is designed to access student's perception of the curriculum in terms of design and delivery, teachers' commitment and efforts, and students' overall learning experience. Only 75 student feedback forms were received by the Feedback Cell for the academic year 2019-20 by the end of the academic session. Majority of the students agreed that the course curriculum is relevant to real life situations. Likewise, majority of the students also agreed that their curriculum contains high learning values.

This session of 2019-20 coincides with the start of Lockdown situation that arose because of the spread of Corona Virus. Traditional offline classes were closed and converted to the online classes. As per the student's feedback most of students were aware of the online classes. Some of the students were not well equipped with technological requirements or may have faced some connectivity problems by the service providers. The successful effort of the college faculty in online teaching is shown, as we see maximum students have given 'Good' rating and seems to be satisfied from the Apps/Tools adopted by the college faculty for teaching. They were even being provided notes in the form of PDF, PPT and YOUTUBE (Creative Common) in their respective classes. It's been found that our online classes are successfully running and able to provide much better learning in the Covid time. Students were evaluated on the basis of Assignments, Quiz and Seminars taken online by the respective subject teacher. The online platform Zoom outperforms all other online Apps/Mediums for the online learning followed by the effective use of Whatsapp and Google Meet. Students were made aware of e-learning resources like Digital Library of India, etc. It's been found that students prefer traditional offline mode teaching as compared to the online mode. Overall, our college faculty have successfully created conducive learning environment for the students by imparting knowledge on virtual platforms despite of the preference for offline mode by our students.

- Analysis of the report suggests that students are satisfied with their course curriculum design and delivery both offline and online.
- Students are satisfied with the teaching methods employed by their teachers and the conduct of internal assessments and evaluation methods.
- Students expressed the need for more opportunities for student exchange/internship/field visits etc in their curriculum.
- Adequate laboratory facilities required, there is still room for more improvement.
- Overall excellent academic ambience of the college.

ALUMNI FEEDBACK 2022-23

The feedback for Mohindra College for the session 2022-23 showcases a strong bond between the institution and its students and alumni. While there is a deep appreciation for the college's role in personal and professional growth, there are also valuable suggestions for improvement. The college can continue to build on its strengths and address these constructive suggestions to maintain and enhance its reputation in the future.

TEACHER OPEN FEEDSBACK FOR THE SESSION 2022-23

1. WIFI Connectivity to be made faster and more hotspots to WiFi be created in the campus.
2. Easy access to the library books.
3. Digitalization of the Library.
4. Stringent measures are required to check the discipline among students.
5. Canteen infrastructure needs to be improved by increasing the sitting capacity.
6. Washroom and the Classroom hygiene is required. By keeping the strict check on it.
