### 6.2.3 - Implementation of e-governance in areas of operation

#### Administration

The administrative cell of the college has been digitalized for efficient record managements and easy use of data. The office staff is computer savvy and efficient. The information which is received from the Directorate of Public Instructions (Punjab) through e-mails is circulated among all the staff members in the form of notices. Correspondence with the directorate, university and with other agencies is done electronically. There is a college website on which important information regarding meetings, administration, examination and cultural programmes etc. is uploaded on time to time and conveyed to the students through digital notice board and through MIS. Salaries and other information of the staff is available on the iHRMS system. The annual financial statements are audited through CA's and government auditors. The fee from the students is collected through bank on line (Debit card/ Credit card/ NB/ UPI/Rupay Card). CCTV's have been installed at computer labs and various other places and these are regularly monitored by the Principal and Superintendents. During Covid-19 faculty and students used various online teaching tools like Google meet, Google classroom and whats app. The College has voice Audio system also through which immediate information is delivered.

#### Finance and Accounts

Most of the financial transactions are carried out online. Online information for tenders are also provided through college website. The salaries of the staff are credited through RTGS/NEFT directly to their bank accounts. The grants from the government are received directly in the bank accounts of the college. The accounts of HEIS/PTA funds are audited from time to time by CAs and auditors of the government of Punjab. Fee collection is online and scholarships of the students are directly credited to their accounts electronically from the government. Refund of excess amount, if any, by the student is also transferred electronically through banks. Cashbooks of various funds maintained by the accountants are checked by the bursar and principal of the college on regular basis.

#### Student Admission and Support

Various committees are formed for admission of different courses and all the committee members are given proper training of online admission process before the process starts. Moreover helpdesk committees are also formed to help students and parents. The admission process is completely online since 2020. The college has developed its portal <https://admissions.govtmohindracollege.in/> to make admission process accessible for aspiring students. Admissions to various entry courses are done through Punjab govt. Portal(<https://admission.punjab.gov.in/>) Advertisement for admissions is published in the newspaper and also displayed on the website along with instructions, performa for admissions. The fee structure and rule book (prospectus) is also uploaded on the website of the college. After the last date of

  
Principal  
Govt. Mohindra College  
PATIALA

applying for admissions, merit lists of the students are generated course wise and the documents are verified by the faculty on duty. The final lists of selected students are displayed on the portal, challan for fee is generated and students are asked to pay the fee online with various options. Smartboards are also installed in some of the rooms for efficient delivering of lectures.

### **Examination**

The college is permanently affiliated to Punjabi University Patiala. In a calendar year there are two semesters. As per the requirements of University two mid semester tests (MSTs) in each semester are carried out. The schedule of these tests is displayed on the notice board and through SMS and also on the college website. Teachers also inform the students through their respective groups. Assignments are collected from the students and are evaluated by the respective teachers. The end semester exams are held by the Punjabi University, Patiala. Date sheets are displayed on the notice boards. Examination forms are filled online. Students internal assessment is uploaded on Punjabi university portal .The roll numbers of all the students containing name of students, class, roll number, examination centre, subject, photo along with instructions are provided. The faculty is engaged for paper setting, evaluation, as examiners, head examiners and member of the board of studies in the University and other professional bodies. During Covid-19 question papers were provided to students online and answer sheets were received in online manner.

## Policy of e-governance

The policy of e governance spells out the incorporation of the enabling digital technology into the working of day to day governance of college and thereby defines it as an interface between various agencies in the hierarchy of administration and the stakeholders, especially students. It is a digital leap towards making college facilities and their direct benefit accessible to its beneficiaries through a number of initiatives taken both of the end of the department of higher Education , Pb. and the level of the college as well. The policy lays bare the working mechanism being executed through various portals in the transparent and democratic way both at their individual and mutually interdependent level to achieve some stipulated educational outcomes. This sort of synergy and networking of the various segments of the administration streamlines the operational process and delivers results which are immediate in the present context but will work as a repository of the legacy data for future retrieval and references as and when the need arises. The working of some of the portals is given below.

### The Portals and their Functionality

**GeM Portal** :- Directorate General of supplies and disposal that functions under the Central Government of the country had introduced this portal to assist the government organizations to procure to procure their essential requirements .The college had registered sellers where catalogue approved by government of India. The portal had brought transparency in the process of purchasing essentials for the institution.

**IFMS Portal** :- This portal has been linked to government of Punjab and through this portal salary bills , leave encashment and other facilities provided to government employees are managed. The bill approval is done by D.D.O. who further forwards it to treasury. Any additions with regard to IT, A/C, deductions are handled through this portal .The Bill Assistant through this portal manages the payee status of all government employees

**Admission Portal** :- It is centralized portal of Govt. of Punjab through which the students seek admissions in colleges. The college admission portal manages the entire detail of students with regard to their name, name of their parent, address , category , domicile etc..The fees is submitted to university through this portal

**Examination Portal** :- This portal is connected with Punjabi University Patiala. The portal facilitates fee details , notices ,student Dashboard login, Downloading of admit card. The students can also enquire about their subjects and lock these on this portal. The internal assessment and award list of students is uploaded through this portal.

**Dr Ambedkar Scholarship portal:-** Several programs have been added to the Dr Ambedkar scholarship portal by the Punjab government. The Dr BR Ambedkar Scholarship programs are open to Punjabi residents who fall into the SC or OBC categories. Before applying for the Dr Ambedkar scholarship, candidates must register. Additionally, they ought to meet the criteria for eligibility. Their application will not be accepted if they fail to do so.

**The National Scholarship Portal (NSP):-** It is an online portal by the Government of India for applying, processing, verifying and sanction of Government scholarships to students. It aims to reduce discrepancies and provide a common, effective and transparent way to disburse scholarships to students. It aims to be a "one stop" portal for Indian students applying for scholarships by bringing together hundreds of scholarships run by both states and the central government. The portal is a part of the government's Digital India initiative and the National e-Governance Plan.

**'SOUL 2.0' :-** The library uses the Library Management Software - 'SOUL 2.0' developed by INFLIBNET, Ahmedabad. Majority of books in the library have been bar-coded and circulation activities are managed through the software. All students are issued bar-coded library cards at the beginning of the academic year. The Online Public Access Catalogue (OPAC) can be accessed in the college premises through the intranet and also online through the internet by following the link SOUL WebOPAC. Access to WebOPAC is available 24 X 7.

**N-LIST :-** it stands for "National Library and Information services Infrastructure for Scholarly Content". The programme was funded by the MHRD under NME-ICT to extend access to selected e-resources to colleges covered under Section 12B of UGC Act as well as Non-aided colleges during from 2010 - 2013. The programme has subsumed under e-ShodhSindhu Consortium as college component from year 2014 being funded by UGC.

**Subject: Regarding software in the college**

Respected Madam,

It has reference to the software of the company INDIGIFY, being used in the computer labs of the college. As the resources and software department of the company has shut down, therefore, it can no longer provide services of software support and software development to the college.

It is therefore requested that permission for the purchase and installation of new software be granted as the admission process for the session 2018-19 is about to commence. The software is required for admission and fee collection from the students.

It is requested that a committee for the same be constituted.

  - Software Price and do not include any operational, recurring charges for domain, web/database/e-mail hosting space, server management, SMS/e-Mail/Payment Gateway, hardware, networking, internet, stationery, data entry, third party content/software, visiting charges etc.
  - Keeping in view the rising inflation, increasing cost of living, operations, inputs and resources, imposition of any new taxes and levies by the Govt. from time to time, the AMC rate/amount will be revised every 3 years at the rates agreed upon by both parties.
  - In case of non-renewal of hosting, all data will be washed out from server after 5 days from expiry date of hosting.
  - SMS gateway balance is not transferrable to any other account or sender id.
- **Visiting Charges**
  - Although, in troubleshooting, maintaining an online application personal visits are not required, and can be updated, maintained remotely from anywhere, subject to payment of software/AMC. However, first year/implementation period includes **two charge free visits** to your institute, beyond that each visit would be chargeable as per defined rates.

- Visiting charges would be separate from software/module cost and AMC and do not include any maintenance/up-gradation, stay/accommodation charges.
- Visiting charges are inclusive of all *road toll taxes* in effect as on current date (1: Ladhawal). In case of imposition of any *new road toll taxes* on way to your institute from our official location, visiting charges would be revised by adding same for each new imposition.

■ **Application**

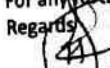

- Although, almost all the modules mentioned above are readily available for implementation, software will be modified/developed as per your requirements, if any, and implemented in phases on as and when required basis with preference to urgently required modules.
- In case there are any changes in requirements/specifications after beginning of development or any delay in development due to non-cooperation from your side or delay on providing any valuable information in required format, the time span may vary.
- Minor modification and troubleshooting in various modules will be done within the cost specified above. Any other major changes/additions/features, except the above said, if requires protracted/prolonged development time period, will be made at extra cost and cost of such changes/additions/features will depend on type and complexity of such modifications.
- Any data/information for creating master records, updates into database must be provided by your institutes in editable Word/Excel/Text format as soft copy only.
- This quotation is for development, maintenance of application only. Routine operations such as data entry, helpdesk, report generation (except troubleshooting) etc. are not part of given costs.
- ID Cards will be generated in print ready PDF file. It does not include printing and material cost.

■ **Hosting, Gateways, Third party content and others**

- If application requires any third party software/resources as per your laid down requirements, cost of acquisitions/maintenance of such resources would be borne by your institute and they will remain your property. Any such third party content shall not be acquired without your prior formal approval which may include, but are not limited to: server-side applications, clip art, back-end applications, music, stock images, or any other copyrighted work.
- SMS Gateway could be used only for informative SMS to students / parents about college, study, fee, holidays only. It cannot be used for other non-educational purpose like political, promotional, sales activities.
- Hosting is restricted to one website only and that must belong to your institute.
- Hosting content is restricted to data pertaining to your institute only. You are NOT to host content on hosting server which is prohibited by law. It should NOT be used to host any political, personal, violent, adult, gaming content or music player, video player, file-sharing service etc.
- For Domain Registration, Hosting, SMS/e-Mail/Payment Gateway or any third party content, documents required shall be arranged/provided by your institute in required format, if any.
- Assurance of validity, copyright, usage rights of any content provided by your institute is your responsibility such as elements of text, graphics, photos, designs, trademarks, or other artwork.
- Although, we regularly backup data on our servers, taking backup and store it in a secure place, keeping user names/passwords secure, modification, data damage would be your responsibility.
- In case of shifting of hosting, charges occurring on content/data transfers from one host to another, if any, will be borne by your institute.
- For hosting, all server hardware/components will remain property of and will be installed, configured at data center of hosting provider, hence no physical delivery of any component. However, you will have all rights and access to any data hosted by your institute on such server.
- Source Code does not form part of the Product. However, the same can be made available upon request but separately chargeable as per our specified rates.
- For Software, 50% payment to be made with order, rest upon completion of work. Domain, Hosting, SMS/e-Mail Gateway, third party content etc. bills must be paid immediately in full.

We assure you the best possible service to make your web application a success.
